

# Little Chalfont Nature Park

*A hidden gem in the Chilterns*

## OUR NATURE PARK NEEDS YOUR HELP

### Why not think about joining the **NATURE PARK MANAGEMENT GROUP?**

**DID YOU KNOW....**Our village has a nature park **run by the village for the village?** If you have been there we do hope you liked it.

The nature park is managed by a small group of like-minded volunteers who need your help. You don't need any special skills, just a bit of drive and energy. Your ideas and enthusiasm and a little of your time is all that is needed.

We particularly need help in **planning and running events** to promote awareness of the park. You could be **preparing and managing our communication and marketing strategy** using social media, newsletters, our website and any other medium you can think of.

Or why not assist with the conservation of the meadow and ancient woodland within the park itself? There is a lot to do and wild plants and flowers, bugs, birds and even a few animals beckon.

Why not check out our website at: <http://naturepark.littlechalfont.org.uk> and, if you like what you see, contact in the first instance **Natasha Meldrum, Little Chalfont Parish Clerk** on **01494 766655** or email: [clerk@littlechalfont-pc.gov.uk](mailto:clerk@littlechalfont-pc.gov.uk).

*(The management group is responsible to the parish council for guiding the operation and maintenance of the park.)*
