

Nursery and reception

*Little Chalfont
Nature Park*

A hidden gem in the Chilterns

Scavenger hunt, story and art and craft session

A 90-minute session for EYFS and year 1.

Sessions available

Tree detectives: Learn about the winter trees at the nature park. Can we try to work out what the trees are in the park? Where have the leaves gone? We will read the story *Stickman* and make our own stickman to take back to our family tree!
Best delivered in December, January and February.

Signs of spring: Let's have a walk around the park! What can we spot to tell us that spring is on its way? We will read the story *Tiny seed* and plant a bean and decorate a pot. Best delivered in March and April.

Bug safari: Using the nature park's equipment we will go for a bug hunt in the meadow and woods. Can we spot any butterflies? We will read *The very hungry caterpillar* and make a tissue paper and willow butterfly.
Best delivered in May, June, July and September.

Signs of autumn scavenger hunt: What are the parts of the tree? We will read the story *Leaves* and then use the leaves from the park to do leaf printing and rubbing.
Best delivered in September, October and November.

- All sessions are led by an experienced environmental educator.
- Sessions available for up to 30 children with teachers present.
- Sessions are linked to the curriculum and can be adapted to fit your current scheme of work.
- Risk assessments are available.
- Sessions are 90 minutes long and you are welcome to stay in the park for lunch and enjoy free time.
- It is the school's responsibility to arrange transport and cover these costs.
